SYSTEM FEATURES

Overview

A face boring connector family for 32mm system drilling with full range of panel and application variants for all cabinet manufacturing applications. System 6 consists of a range of 20mm diameter housing, Quickfit™ and conventional dowels, end dowels and double ended dowels.

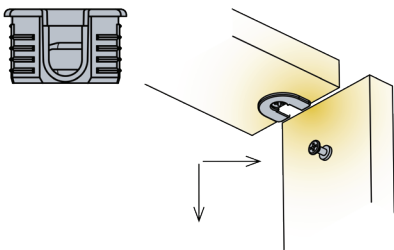

- Minimum drilling requirements
- Linear cam design for constant tightening loads when driving
- Angledriv feature on cam for maximum driving comfort
- Interchangeable pins for wood, plastic and steel applications
- Pins with twinstart drive for fast insertion
- Interchangeable Quickfit pin fastenings available
- Tool-less fastening capable versions
- Back-to-back fastenings for common vertical panel fixing of shelves
- Housings are made from high grade plastic or zinc, with zinc cams

Applications

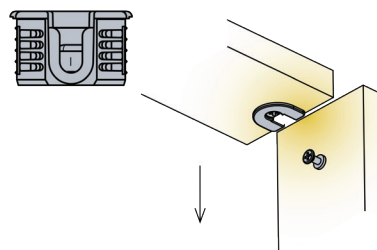

Titus System 6 is ideal for use in high volume production of case goods, closet and garage storage systems. Because no edge boring is required, it is an excellent choice for manufacturing environments with limited drilling capacity.

Side-Entry & Drop-on

Side-entry insertion of shelf panel:
From the side or from the top

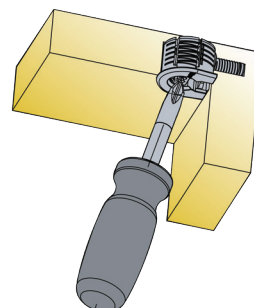

Drop-on insertion of shelf panel:
Only from the top using drop-on connections allows
for one-man installation

Angledriv Feature

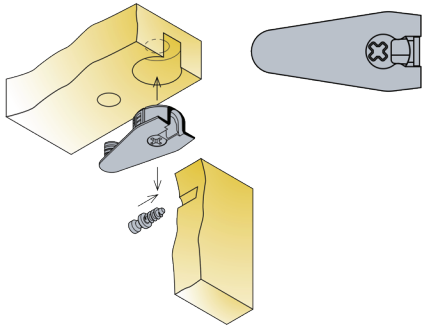

The angledriv feature on the cam allows for the angled position of the screwdriver with the locking action creating a tight and secure joint.

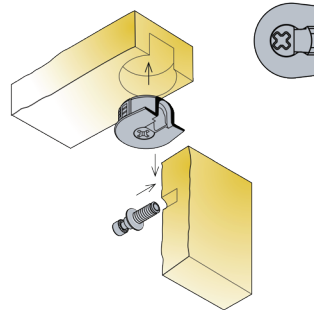

SYSTEM FEATURES

Outrigger/Non-Outrigger

Outrigger

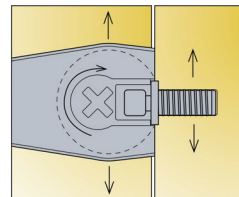

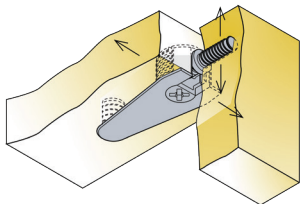

Non-Outrigger

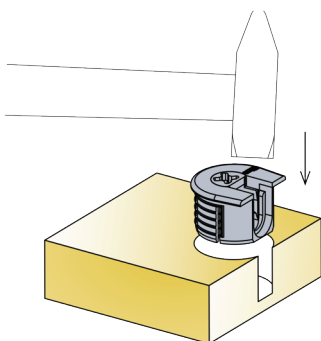

Expando Function

Expanding housings and dowels provide a tight joint

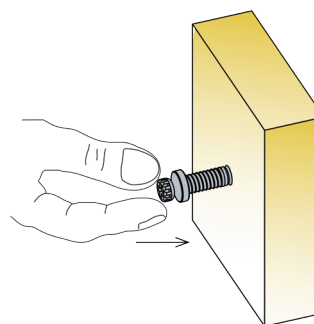

Assembly

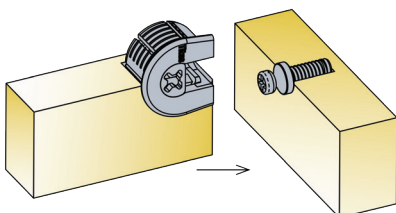

1. Knock the housing into face board

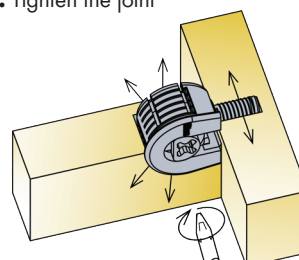

2. Press the dowel into side panel

3. Assemble the panels

4. Tighten the joint

SYSTEM 6 CONNECTORS

Quickfit-Expando Dowels

- For panel-to-panel applications
- Can be removed without damage to panel surface
- Plastic expanding sleeve for a secure hold
- Threaded for 5mm system holes
- Depth collar stop for accurate insertion
- Suitable for use with all Titus 20mm dia. and 25mm dia. System 6 housings
- "Klix" locking feature provides a strong, vibration proof connection
- Made of zinc/plastic
- Sold in full boxes quantities

Item #	Drilling Length for Dowel Thread	Diameter	Box Qty	Bag Qty	Price Each
TT6408-880	12.5mm	5mm	5,000	100	\$0.08

Quickfit Dowels

- Standard screw-in dowel for KD (knock-down) fittings
- Threaded for 5mm system holes
- Dowels feature an integral skirt which acts as a positive stop during insertion
- Suitable for use with all Titus 20mm dia. and 25mm dia. System 6 housings
- "Klix" locking feature provides a strong, vibration proof connection
- Made of zinc
- Sold in full boxes quantities

Item #	Drilling Length for Dowel Thread	Diameter	Box Qty	Bag Qty	Price Each
TT6401-885	9mm	5mm	5,000	100	\$0.05
TT6406-885	11.5mm	5mm	5,000	100	\$0.05

Double-Ended Dowels

- Double dowel slides through center panel to lock in shelves on both sides
- Threaded for 5mm system holes
- Suitable for use with all Titus 20mm dia. and 25mm dia. System 6 housings
- "Klix" locking feature provides a strong, vibration proof connection
- Made of zinc
- Sold in full boxes quantities

Item #	Panel Thickness	Larger End Diameter	Smaller End Diameter	Box Qty	Bag Qty	Price Each
TT6416-885	19mm	5.8mm	4.8mm	2,500	100	\$0.09

SYSTEM 6 CONNECTORS

20mm Knock-in Housing Non-Outrigger

- Drop on cams feature a slight lip on the inside to help secure the top shelf until screw is set
- Ideal for use in high volume production
- Can be machine inserted or knocked in with a hammer
- Minimum drilling requirements; no edge boring required
- Linear cam design for constant tightening loads when driving
- Locking feature provides a strong vibration proof connection
- Compatible with all screw-in and Quickfit System 6 dowels
- Available in plastic/metal or all-metal options
- Sold in full boxes quantities

SYSTEM 6 CONNECTORS

Flush 20mm Knock-in Housing Non-Outrigger

- A face-boring connector with flush housing permits easy flat-pack transportation without panel damage
- Available for 19mm board thickness for drop-on and/or side-entry applications
- "Klix" locking feature provides a strong vibration proof connection
- Compatible with all System 6 screw-in and Quickfit dowels
- Housing made of plastic, cam made of zinc
- Sold in full boxes quantities
